### **Exclusive Guided Tours Through Berlin's Gallery Scene**

On the occasion of Kunstherbst 2006, the first instalment of *ARTINSIGHT gallery* attracted countless art-lovers and collectors – including economists, politicians and cultural representatives – to take its exclusive gallery tours. Running parallel to ART FORUM BERLIN, *ARTINSIGHT gallery* will again offer special art excursions to Berlin's various gallery districts Mitte, Kreuzberg and Charlottenburg.

As in the previous year, we proudly present the participation of a selection top class Berlin galleries. Apart from having added a selection of exciting new galleries to our program, such as Markus Winter and J.J. Heckenhauer, we will visit internationally established galleries, like Ruth Martius of Kunstbüro Berlin. Galleries renowned for their innovative program of exhibitions have also been included. Thus, Gitte Weise Berlin/Sydney, with an emphasis on media and installation art and the photography gallery Camera Work, sporting the internationally acclaimed photographers Peter Lindbergh and Will McBright, are included on the tour.

In small groups, our guests will be guided by adept art-historians, who together with gallerists and artists will elucidate the exhibition. This special framework allows for a direct exchange with artists and gallerists, as well as offering invaluable insight into the art market.

Participants can either select their preferred gallery area from our list or opt for the entire three-day program.

A lunch-time reception is included in the tour, which finishes with a VIP-visit at the international art fair ART FORUM BERLIN. For the entire duration of the event, a shuttle service will be made available to all our visitors.
